Statement of collaboration: I understand that the California Red Sheep Registry is considering suitable candidates for registration without California Red Sheep to California Red Sheep parentage under the strict guidelines of the California Red Sheep Registry and its Rebuilding Committee. All candidates must meet all registration requirements other than parentage. In order to be allowed to participate in this Rebuilding Program I agree to promptly provide any documentation to the California Red Sheep Registry Rebuilding Committee that they request for scientific data keeping and historical purposes. I understand that failure to cooperate with requests from the Registry Rebuilding Committee may result my elimination from the program.
